PERSONAL PROJECTS

TSF CHARITY
- Developed a Html, Css and Javascript donation website with and intuitive user interface and added a feature to donate money.
- Integrated Razor Page for secure donation transactions and automated email receipts.

TODO WEBAPP
- Developed and designed a dynamic and intuitive Todo web application aimed at enhancing task management and boosting productivity.
- Enhanced accessibility and user comfort by integrating a changeable theme mode, catering to individual preferences for day and night.

PERSONAL PORTFOLIO
- Developed a personal portfolio website using React, Tailwind Css and JavaScript to showcasing essential details and personalized messaging feature.
- Implemented a feature to allow visitors to send personalized messages directly to me for inquiries or collaboration opportunities.

ADMIN DASHBOARD
- Developed an Admin Dashboard with React & Tailwind Css to manage the user and data on website.
- It offers a centralized interface with user authentication, role -based access control, and comprehensive data visualization. Implemented key features such as user management, content organization, analytics and real-time notifications.
